

Extreme Apartment Makeover- Nelson Avenue

Every 6 months, A Child's Place prepares two apartments for new families. Friendship Missionary Baptist Church donates the apartments to A Child's Place allowing two of our client families to get back on their feet. The apartments are two bedrooms and one bathroom.

This project is a large undertaking and perfect for groups! In order to provide everything needed, this makeover actually can be expanded to a week-long project that culminates in a day of painting, cleaning, and moving the items in – or it can be done in one big work day!

Extreme Apartment Makeover includes:

- Painting (we request a white or off white)
- Cleaning (we ask that groups bring supplies)
- Carpet cleaning
- Provide furnishings*
 - All bedding (beds, sheets, pillows, etc)
 - All kitchen items (plates, utensils, pots and pans, etc.)
 - Bathroom items (shower curtain, rugs, towels, etc.)
 - Living room furniture (couch, coffee table, lamps, etc.)
 - Any extras for the home

* Our goal is to allow the family to take the furnishings with them to their new home when they leave the transitional housing at Nelson. We have limited options for furniture and often find that the makeover team has resources as well.
